Subject Mining tribal issues briefing for Jim Woods

Hi Mining Team:

I am scheduled to provide a mining briefing to Jim Woods, R10 Senior tribal advisor next week. This will be an overview of our work with tribes on mining sites. He was especially interested in learning about our work in Alaska, but I want to also include other states.

The briefing is scheduled for March 11 from 3-4 in the Denali room.

To help me prepare for this briefing, please send me a short summary of your work with tribes over the last year and projections for the coming year and also any difficult issues that you may be working through with tribes on mining projects. Since this will be a power point presentation, provide me with a picture or two of your site if you have them. My standard mining briefing already includes pics of Donlin, Pebble, Red Dog, ICP, Midnite Mine. So if your mining-tribal interest site is not included in the list, please send me a picture or two if you have them.

Please send me this info. by noon on march 10. Also, you are invited to attend the briefing if you are interested, but please let me know so that I can get a head count.

thanks -

Patty
